MULTIFOLD TOWELS

Continuous dispensing speeds washroom traffic flow. Multi-fold paper towels are folded in three layers, almost in the shape of a "z." When stacked in a dispenser, they interlock with each other. Although similar, multi-fold paper towels are generally larger and more absorbent than c-fold paper towels, so you use less product.

X60 WIPERS

The versatile WypAll* X60 wipers are suitable for use around the workplace and offer value without compromising on performance. This durable wiper is suitable for general cleaning tasks and surface wiping and can also be used to effectively absorb spills, apply solvents and lubricants, polish stainless steel and clean glass. These wipers are strong enough to scrub off adhesives and remove oil and debris. The flexible nature of WypAll* X60 single sheet wipers makes them suitable for cleaning tight corners on machinery. The strong design of these wipers ensures a longer lasting wiper that maintains strength whether wet or dry. Soft and gentle in texture, especially when wet, these wipers are also suitable for personal wiping in environments such as healthcare.

DELICATE TASK WIPERS

Wipers are specifically designed to be compatible with quat disinfectants, sanitizers and bleach. They maintain the target disinfectant concentration and provide a more uniform application than cotton rags and microfiber cloths. Simply add your own chemicals to the WETTASK* bucket with secure lid. The wipers dispense one at a time, and because it is an enclosed system, it helps avoid cross contamination of the wipers and cleaning solution while reducing exposure to vapors and splash.

L30 WIPERS

When you're looking for a lighter-weight towel at an everyday great price, you can trust WypAll L30 Wipers. They are designed with the DRC (double re-creping) process, which gives you high surface softness (a towel-like feel) with a reinforced grid that's strong

for wet surface wiping and cleaning. These WypAll L30 Wipers are a great choice to replace air laid towels. They're soft enough to use on skin, so they're popular for use in healthcare and patient care (when folded for patient bathing, when unfolded for drying). They're also tough enough for light-duty processing, janitorial tasks and maintenance (as an alternative to towel rags in a box). They're a trusted tool to help you get the job done right.
